

WILL WITHDRAW AMERICAN TROOPS

Yanks Fighting in Siberia Will be Brought Home Next Month

**FORCE NUMBERS
ABOUT 8,000 MEN**

WASHINGTON, Jan. 12.—(By The Associated Press.) — Decision to withdraw the American troops from Siberia upon the completion of the repatriation of the Czecho-Slovak forces next month, has been reached by the American government.

The troops were sent to Siberia in accord with an agreement between the United States, Japan and the entente powers to aid the Czechs and protect the Siberian railroad. Japan has been notified of the cancellation of that agreement insofar as it affects the presence of an American military expedition.

When the Czechs have been removed the American railroad commission which has been in Russia since the fall of the former Czar's government will leave Vladivostok for home and the American soldiers under Major General Graves will follow as soon as transports are available.

With the departure of the Americans, Japan will be left alone to assist the loyal Russians in the efforts to stem the eastward march of the Bolsheviks. The rapid progress made by the soviet forces has been a source of apprehension in Japan and the cabinet at Tokio has been considering means of combating what Japan officials generally regard as a serious menace.

Suggestions have been made that Japan incites force of 30,000 troops in Siberia and it has opened negotiations with the American government with this end in view.

The American force numbers about 8,000 men and was sent into Siberia last summer.

BRYAN URGES EARLY RATIFICATION

Lincoln, Neb., Jan. 12.—W. J. Bryan, told the members of the Lincoln Commercial Club today it was infinitely more important that the peace treaty be ratified before January 13, 1918, than

He denounced what he said were accusations of Republican newspapers that there had been a split in the Democratic party over the league covenant.

The most important thing, he declared, was to secure ratification of the treaty and if compromise efforts to this end between Democratic and Republican senators failed the matter could be turned over to the Republicans who would be responsible if it was not settled to the satisfaction of the people.

FURTHER PROGRESS ON RAILROAD BILL.

WASHINGTON, Jan. 12.—Anti-strike and other labor provisions of the Cummins and Esch railroad bills were reached today by the senate, and house con-

by the senate and house managers but no action taken. Chair would be satisfied if complete agreement on the resolution could be reached within a month.

Discussion of the anti-strike sections today served to indicate the wide chasm between the senate and house managers. The former were understood to have urged strongly the adoption of

the Cummins plan making strikes illegal, while the house managers were reported equally insistent upon the voluntary mediation provisions of the Esc'h bill.

CO-OPERATIVE LAWS FAVORED.

Three states, Louisiana, New York, and Pennsylvania, have passed laws dealing with co-operative organizations based upon the suggested co-operative law published by the Bureau of Markets, United States Department of Agriculture, while similar legislation has been under consideration in other states during recent sessions of their legislatures.

CARS SELL ALL YEAR ROUND

There is no denying that road conditions have their effect on

business. This is particularly true of the automobile business itself. It is not an uncommon thing now for dealers to sell cars for immediate delivery. The time was not so very long ago when the farmer would talk about cars, look over the stocks in the winter season and plan for delivery in the spring or summer months. Now he looks at a car and buys it for immediate delivery, just like making a purchase of any other goods off the store shelf.

WILL AID LOWDEN CANDIDACY

Harvey Sconce has resigned as president of the Illinois Agricultural Association and will devote his time to organizing the agricultural interests of the U. S. for Lowden for president movement. Mr. Sconce can do some valuable work for the campaign management and for the country as well in this movement. He is a leader in Illinois agricultural affairs, an extensive farmer and land owner who has sensed the larger influence that rightfully belongs to the farmer. Locally, Mr. Sconce has a wide acquaintance and is a trustee of Illinois Woman's College.

A WONDERFUL SEASON

Only six more days must pass before winter is half gone and still there have been no bad roads. A long time resident was commenting on this fact yesterday and wondering if people were realizing what a wonderful winter season this has been from the good roads standpoint. The

trouble about good roads and everything else that kind is that most people fail to think of their present blessings. It usually happens that there is more thought and talk about road conditions when they are bad or impassable than when they are good.

PERSISTENT IN A LOST CAUSE

It is fortunate for the liquor interests that their attorneys are courageous and seem undismayed by the successive legal defeats that come to them. Otherwise the death of John Barleycorn would have long since been taken as an accepted fact.

The New Jersey Liquor Dealers' Association brought suit in the supreme court to test the validity of the 18th amendment. The application has been denied, the court holding that proceedings must be brought in the usual way. Thus another effort to prevent national prohibition from becoming immediately effective has failed. The nails in the coffin lid are being driven one by one.

HIGHEST SERVICE IS TEACHERS' CREED.

Called to the national capital from her western home to attend a meeting of the Emergency in Education commission to discuss the present shortage of teachers throughout the country, Mrs. Josephine Preston, president of the National Educational Association has issued a New Year message of greeting to the 700,000 members of the association voicing the urgent need for "high minded, great hearted, thoroughly trained 100 per cent American educators to drive home the vital lessons that these times hold."

Mrs. Preston says: "The new year 1920 must signify the new service of education. This new service must include training for every individual life activity, and every community life expression. To this new service of education I call you, teachers of America. For this service I ask you to make ready. As true American citizens accept this responsibility and my faith in the certainty of your achievement."

Besides being one of the few women ever chosen president of the association, Mrs. Preston is state superintendent of public instruction for Washington, and vice chairman of the Women's Division of the Republican National committee.

At a meeting of the National Education Association held during Mrs. Preston's stay in Washington, D. C., it was decided to hold the next conference in Salt Lake City, from July 4 to 10.

PROGRESS OF PRODUCTION.

A financial reviewer suggests that the ideal condition in industrial trade is realized when demand slightly exceeds production, thus stimulating the making of more goods. The demand for these makes a good profit possible, and prosperous activity prevails. Such normal conditions have been upset by war's demands on the goods themselves and on the time of workers, so that world production is far behind requirements, high prices and unrest increase, unhealthy activity of trade and inflation accompanying the operations, and only steady, determined industry on the part of the workers and judicious economy of the people can soon correct the abnormal conditions without upheaval or distress.

It is of interest, therefore, to observe in the United States the progress of production is overtaking demand, as the return to sound conditions depends not upon the activity of trade, but upon the actual increase in production.

The National Bank of Commerce Monthly analyzes the present situation and presents tables

showing comparisons of production in 1918 and 1919 in crops, coal, cotton and wool. The writer also regards the net ton miles of freight handled by the railroads as one of the best measures of the physical volume of production and exchange of commodities. Taking the figures available for the ten months ending October 31, 1919, for Class 1 roads under federal control, representing 95 per cent of the total railroad mileage, and estimating the other two months, the total freight movement for the year is about 395,000,000,000 net ton miles as compared with 436,614,869,000 ten miles over the same roads during 1918. This indicates that the total freight movement over all roads for 1919 will fall below that for 1918.

The tables referred to also show that 1919 falls below 1918 in the commodities analyzed.

The article concludes: "The reaction after the tension of war has been much less violent in the United States than in any other important combatant country. After the first hesitation, production has proceeded in the face of great difficulties. Nevertheless, after the recovery of the early months, all that can fairly be said is that industry has held its own. On the other hand, consumption has proceeded at an extravagant rate, despite the high price levels which have in part resulted from it. Only by decreased consumption and by increased production can a balance be reached at reasonable prices between supply and demand. Thus far there has been very little application of this principle to individual conduct. Until such application is made, commercial activity will inevitably proceed at a ratio out of proportion to the physical volume of production, and the present unstable situation will continue."

Rippling Rhymes By Walt Mason

Thrifless.

There's an ancient way of doing chores; and his life is sad and yellow, and his days and nights are bores. He is crippled and rheumatic, and he pines a feeble hoof, and his home is in the attic where the rain falls through the roof. I could weep when I behold him; he'll be hopeless in his woes, till the boneyard sods enfold him, and he has his long repose. And his youth was gay and gilded, and he wildly spent his wage, while the wise youth wrought and builded for the years of wintry age. Once this old man was a master in the trade that he had learned, but he blew his money faster than the ding-donged stuff was earned; and he made no wise provision for the days of want and dread; life was sunny and elysian—why should people look ahead? Why put down the shining shilling in a quantity of brine, when a sport could make a killing in the haunts of cards and wine? Why consider a tomorrow when today is good enough? Going broke, a sport could borrow on his watch and kindred stuff. Now around the house he tinkers, and no hope is in his soul, and he carries out the clinkers, and he carries in the coal. Nothing human can enchant him, he is dead to every thrill; and some day the town will plant him in the boneyard on the hill.

TAX WORK MOVES ALONG RAPIDLY

Rates Indicate What Property Owners Must Pay—Books Will Be Ready for Collector Early in February.

Work on the Morgan county tax books has been moving along rapidly in the office of County Clerk G. L. Riggs and the rates quoted below have been compiled. Every rate except that for the Jacksonville registered bonds has been received and that will not exceed 1.32. The figures show that the total tax rate for Jacksonville this year will be about \$5.70 per \$100 of valuation. Last year the total was \$6.92 per \$100. However, in accordance with the law, the rate this year will be assessed upon a one-half valuation instead of one-third as before. This means that taxes will be about 25 per cent higher in 1920 than they were in the year just closed.

The difficult tax work has proceeded just as rapidly as the receipt of the rates from the state auditor's office would permit. The work of tax extension will begin promptly and it is the expectation of Mr. Riggs that the books will be ready for the sheriff and collector by the first week in February. The total valuation of property in Morgan county is \$28,469,146.

The several rates as applicable to Jacksonville and to the other precincts of the county, together with school district taxes and road district taxes are indicated in the table below:

DAVID J. TUKE DIED SUDDENLY SUNDAY

David O. Tuke, a well known citizen residing seven miles northwest of Jacksonville, died suddenly at his home Sunday afternoon about 3:30 o'clock. Owing to the fact that Mr. Tuke died before the arrival of a physician, a coroner, Rose was notified and held an inquest Sunday evening. The jury was composed of Almonson Thomason, foreman, C. H. Cowdin, E. F. Joy, James E. Leake, Richard Leake and Louis Leurg, clerk.

The testimony of Dr. F. M. Roberts of Chapin and Arthur R. Acom, who resides near Mr. Tuke, was heard. Dr. Roberts arrived at the Tuke home after his death. He gave his opinion that death resulted from angina pectoris.

Arthur R. Acom testified to being called to the Tuke home about 3:30 o'clock Sunday afternoon. He found Mr. Tuke lying on the floor. He was still alive and he placed him on a couch. Witness said he then called Dr. Roberts and Dr. Fountain, but Mr. Tuke expired soon afterward.

After hearing the evidence the jury returned a verdict in accordance with the above facts. David Oliver Tuke was the son of William and Sarah Stephenson Tuke and was born in Morgan county, November 3, 1873.

He was united in marriage to Miss Bertha Gertrude Acom January 16, 1895. Besides his widow he is survived by one daughter, Mrs. Hazel Duckwell.

He also leaves three sisters and one brother, Miss Emma Tuke of Scott county; Mrs. Mary Moore, Lynnville; Mrs. Gertrude Warner, residing in Iowa, and Charles Tuke, residing in Scott county.

Funeral services will be held from the residence northwest of the city at 11 o'clock this morning in charge of the Rev. Ray Ragan. Burial will be in Ebenezer cemetery.

Mr. and Mrs. James Alexander of Concord vicinity spent Sunday visiting friends in the city.

Mr. and Mrs. Wayne Rawlings and Mr. and Mrs. Fred Schofield left Monday night for a visit to Chicago. They will drive home a string of Elgin cars.

NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever continued or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 20 cents. Guaranteed.—Adv.

FORMER RESIDENT HERE DIES IN RUSHVILLE

Mrs. John I. Chambers Passed Away Suddenly Sunday Night—Interment to Be at Diamond Grove Cemetery.

Many residents of Jacksonville were grieved Monday morning to learn of the death of Mrs. John I. Chambers, which occurred at the home of her daughter, Mrs. J. H. McCune, in Rushville, late Sunday night. For a number of years Mrs. Chambers has been a resident at Camp Meeker, Cal., but has spent part of each year at the home of her daughter, Mrs. McCune, in Ipava, Rushville only a few weeks since. The greater number of the years of Mrs. Chambers' life were spent in Jacksonville. Her maiden name was Alice Askew and she was the daughter of Joseph R. and Nancy L. Askew and was born in Milton, Pike county, in 1846, and was well known to the older residents of the city.

It was a comparatively few years later that the family became residents of Jacksonville and it was here in 1871 that the deceased was married to the late John I. Chambers, for a long period one of the best known business men of this city. Mr. and Mrs. Chambers were the parents of four children, Joseph R., whose death occurred a number of years ago; Mrs. Eleanor Chambers McCune, Rushville; George M., Portland, Ore., and John L., of Dallas, Ore. Mrs. Chambers leaves also two sisters and one brother, Misses Nellie and Edith Askew and Edward Askew of this city.

For many years while a resident of this city Mrs. Chambers was a member of State Street Presbyterian church and interested in the various lines of the church activity. Mrs. Chambers was above all devoted to her home and family. Those who came in touch with her life thru the earlier or later years knew well her quiet dignity and the

life beauty that came from her heart.

Altho for some years Mr. Chambers had not been strong and she had been ill for the past week, her death was wholly unexpected. Sunday she was about the house as usual, cheerful in spirit and seemingly in her usual strength. So her going came as a shock to the immediate family circle. It is not possible for either of the sons to come from their homes in the west in time for the funeral.

Services will be held at the McCune home in Rushville Wednesday morning and the funeral party will reach Jacksonville on the Wednesday afternoon train. It is now the intention to go directly from the railroad station to Diamond Grove cemetery and services will be in charge of Rev. W. H. Marbach in accordance with the wishes and spirit of the deceased, the services will be of a very brief kind.

Funerals

Ginder. Funeral services for Mrs. Sarah A. Ginder were held from Arcadia church Monday afternoon in charge of the Rev. J. Y. Yemm. Music was furnished by Mr. Yemm, Elmer Smith, Mrs. Charles Brainer and Miss Edna Ogle with Mrs. Harry Brainer at the piano.

There were many beautiful flowers and these were cared for by Mrs. Robert Boatman, Miss Nellie Kircher, Miss Edna Divers and Miss Mildred Beard. Burial was in Arcadia cemetery the bearers being: Howard McFadden, William Roney, Harry Barbre, Elmer Divers, Frank Kircher and Leo Beard.

McCurley. Funeral services for Kenneth McCurley were held from the residence, 414 South Main street at 2:30 o'clock Sunday afternoon in charge of the Rev. A. A. Todd, pastor of First Baptist church. The flowers were in charge of Mrs. Kenneth Woods, Miss Veda Radford, Miss Eleanor Ludwig and Miss Marion Holkenbrink. Burial was in Diamond Grove cemetery, the bearers being: Paul Jolly, George Jolly, Frank Story, Homer Wilson, Clarence Wilson and Herbert Summers.

THE CONGREGATIONAL CHURCH. Officers and teachers of the Congregational church Sunday school met at the church last night for a conference. They listened to a very informing address by Miss Elliott, director of religious education in the Congregational church at Kewanee.

The annual memorial service of the Congregational church will be held Wednesday evening in the church. The program will be one of special interest.

LECTURES GIVEN AT PUBLIC SCHOOLS

By Thomas Z. Davis, Psychologist and Diagnostician of Bloomington—Program for Today.

Thomas Z. Davis, psychologist and diagnostician of Bloomington is in the city lecturing to the pupils of the various schools of the city on "Why Some People Fail in School, Professional and Business Life, While Others Succeed." In an interview with Mr. Davis he gave the following information: "I have gathered from the school records throughout the state the habits of girls and boys who have failed to pass or finished the work of the high school attaining as near as possible the effect of their habits on their grades and the effect of their grade on the schools record. I have also followed those who have completed the work of the high school and gone into professional and business life, found the difference in salaries received by them, and contrasted with these salaries the salaries of those who failed in school."

"I am giving this information that I have found as a course of instruction that we may appreciate and see the value and need of an education before we launch into professional or business life. It may help us to see why some persons fail and why others are able to overcome the difficulties that bring failure and make good. It seems that our conclusion must be that the only way to raise the standards and efficiency of a school is to lower the percentage of failures."

Yesterday afternoon Dr. Davis lectured before the student body of the Brown's Business college and this morning he is scheduled to speak at Rount College at 9:15 o'clock. This afternoon he will speak before the student body of the Jacksonville High school at David Prince school. All parents and friends are invited to these lectures. Besides the value these lectures it may be so that Dr. Davis is a man of strong personality and a very pleasing lecturer. All who attend these lectures can be assured they will be greatly benefited.

ASBURY

Miss Elizabeth Hemmrough returned to her studies in Chicago last week after spending the holidays with her parents, Mr. and Mrs. R. H. Hemmrough.

George Becker of Wichita, Kansas, is visiting this week with his brother, John Becker and family. Mr. and Mrs. Frank Hemmrough and children Amella, Grace and Frances and William Hemmrough of Jacksonville spent Sunday at the home of Mr. and Mrs. George Hemmrough.

Mr. and Mrs. Rex Ranson and daughter Irene and Mr. and Mrs. George McKean and son William were Sunday guests of Mr. and Mrs. George Megginson near Woodson.

Mr. and Mrs. Chauncey Carter and son Ralph spent Sunday with Mr. and Mrs. Carl Hemmrough. The pupils of Oak Ridge school enjoyed a sled ride Saturday evening and then spent a few hours socially at the home of Mr. and Mrs. John Becker.

Miss Catherine Morris of Jacksonville was a week-end guest of her cousin, Miss Mildred Morris. Mrs. James Stout of Jacksonville spent a part of last week with her daughter Mrs. Harry Trotter and family.

A FINE FARM. A news item in Sunday morning's paper made reference to the purchase of the Doane farm near Pleasant Hill by a group of Jacksonville citizens. The names should have appeared as W. B. Rexroat, E. L. Clark and F. J. Garland. These three men purchased this excellent farm which is located in the Mississippi valley just a half mile from the Pleasant Hill station. Every foot of the land is tillable and it is well improved.

GOES TO NEW WORK. Miss Helen Morris is to leave the office of County Agent G. B. Kendall, to take a position in Chicago. Miss Morris has served acceptably as stenographer in the county agent's office for more than a year past. The place will be taken by Miss Florence Short of Murrayville.

TRAVELING MEN FOR LOWDEN CANDIDACY

5,000 Prominent Salesmen Organize Body to Support Illinois Governor in Race.

More than 5,000 of the most prominent traveling men of the central states have formed a Lowden Traveling Men's Club of the United States and have selected Springfield as their headquarters. The club was organized at the Union Club in Chicago last Friday. They elected Charles A. Nelson of Oak Park, Ill., president; John J. Shuttleworth of Terre Haute, Ind., vice president, and L. A. Minter, Springfield, secretary. Mr. Minter until recent years was a Jacksonville resident.

The sole object of the organization is to promote the candidacy of Gov. Lowden for president. Mr. Minter will be in active charge of the headquarters, and a campaign for membership will be started at once, extending into every state in the Union.

All traveling salesmen and commercial men are eligible to membership, and the organizers of the club hope to have a membership of many thousands before the national convention meets in Chicago in June. Among the present membership are to be found many of the leading traveling men of the country, representing almost every branch of industry, and they expect to do some big things in connection with the campaign to make Gov. Lowden the Republican nominee for president. Some of the present members have been very active in Republican politics for the respective states for years.

The executive committee, organization committee and membership committee of the club as formed are as follows:

Executive Committee—R. J. White, Milwaukee, Wis.; E. N. Mulkey, Sherman, Tex.; E. W. Neal, Knoxville, Tenn.; H. B. Ramey, Champaign, Ill.; W. J. Deaths

Remington.

Mrs. Nancy Remington died at her home, 331 West Court street at 6 o'clock Sunday afternoon.

Decedent was born in Perry, Pike county, March 28, 1837. She came to this city a number of years ago to reside.

She is survived by the following children: Mrs. Nettie Mullens, Griggsville, Ill.; Mrs. Laura Bowering, Griggsville, Ill.; Mrs. Fay Green, Jacksonville, Ill.; and one sister, T. L. Dorsey and Mrs. Mary Browning, residing in Perry.

Mrs. Remington was a member of the Christian church and was always faithful in her attendance so long as health permitted.

Funeral services will be held from the residence of her daughter Mrs. Mullens in Griggsville this afternoon at 2 o'clock in charge of the Rev. Mr. McElloth with burial in Perry cemetery.

Angelo.

E. R. Angelo died at his home four miles west of Woodson at 1:30 o'clock Monday afternoon.

Decedent was the son of John and Elizabeth Angelo and was born on a farm in the Buckhorn neighborhood, six miles southwest of the city, July 1, 1847.

He was united in marriage at Scottville June 15, 1862 to Miss Sarah E. Hettick. To this union eight children were born: Alice E. Deiss, Laura L. Gertrude M., and Stephen D., preceded him in death.

There survive his widow and three children: Mrs. Lura Olive Ober, Woodson; Oliver C. Angelo, west of Woodson, and Mrs. Cora E. Ragan, southwest of Jacksonville.

Mr. Angelo had always resided in Morgan county. He followed the occupation of farming and was considered successful in that calling. He held the high esteem of all in the community in which he lived.

The time of the funeral will be announced later.

Mack.

Walter James Mack, aged 52 years 11 months, and 19 days, died at the home of his sister, Mrs. Myrtle Mack Rufus in Petersburg, at 9:05 o'clock Monday night after an illness of several weeks duration.

The body will be brought to Jacksonville this morning for interment.

Decedent was the son of Mrs. Lizzie Mack of 1121 South Diamond street and was well known in this city. Mr. Mack spent about twenty years in the Klondike gold fields of Alaska. He more extended obituary will be returned to this vicinity last given later.

Decedent is survived by his mother, one sister, Mrs. Rufus of Petersburg, and three brothers, James E. of Greenfield; Arthur J. of Battle Creek, Mich., and Harvey W. of Alton.

THE "BLUES"

Caused by
Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to digestive disturbances over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloating, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged, digestion fails, the blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings out such quick relief from your stomach distress—relieves your stomach to rights—makes belching, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvelously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a 50-cent box of EATONIC—the good tasting tablets that you can take a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

A REGULAR TRADING PLACE

Many people have no regular trading place for drugs. They get the idea that the handiest place, or any place, will do. But drug stores differ, as they always have, while the necessity of securing reliable goods and service are still the same. We endeavor to conduct the kind of drug stores that will win the old kind of confidence and friendly relations. We are equipped to give you superior service and we know that every day throughout the present year we can please you when drugs or other drug store goods are needed.

ident of the Chamber of Commerce. The meeting was called for the purpose of arriving at some definite plans for securing for Morgan county the good roads that are so badly needed and the trade that properly belongs to this city. Messrs. Crabtree, Riley and Priest, and R. T. Cassell, the president of the local association were unable to be present on account of illness.

The meeting was an enthusiastic one from the start. The addresses were listened to with attention and at the close it was made a motion and carried that a committee of twelve from the Automobile Dealers' association attend the good roads meeting at the court house Thursday night and offer their services for any work to be done.

The keynote of the meeting was the necessity for co-operation and all present pledged their utmost endeavor to this end.

C. H. James of Meredosia spoke briefly, pointing out that friction and lack of confidence in the aims of each other often were the stumbling blocks in movements of this kind. That there should be a clear object to work for and then hearty co-operation which would gain the results desired every time.

Following the regular speakers there was general discussion of the subjects brought up.

Henry Frisch, president of the Chamber of Commerce said in part:

"One gratifying feature of this association is that it adds one more cog to our community working machinery for the obtaining of needed good roads for Morgan county and obtaining the benefits belonging to our country and city. Any city that has good roads in its trading radius will bring people to that city. If there were good roads twelve months each year there would be no seasons in trading. If railroad schedules become so that it is not convenient for people to use that method for coming to town, good roads allows the use of the automobile. Distance now comparatively is nothing. The automobile has changed conditions utterly from any preconceived ideas. A man wanting an article thinks nothing of jumping into his machine and driving thirty miles for it—if roads will permit it. And speaking of the benefits of good roads, in 1915 and 1916 travel over the Lincoln highway doubled

and in 1918 and 1919 it again had doubled. From this it immediately is seen what immense benefit this has been to the towns along that route. Have a trail and let it be known, and let's have Jacksonville on such a trail.

From five to ten thousand motor cars, carrying from twenty-five to fifty thousand people, travel over the Lincoln Highway each month. This section of the country is not so well developed. The Ocean to Ocean Highway through Jacksonville is not designated as a Federal Highway and has not Federal aid. What others have secured we can obtain by working in conjunction with the officers of the various road associations.

An association such as yours working in harmony with other associations can bring about a great many desired things.

Now it behooves the communities in which we live to get our share of the proposed good roads and to do this we must start right now. Among other ways, on a petition of one hundred voters in Morgan county to its commissioners to appropriate necessary funds, or call an election for the issuance of bonds. Do something to help the Highway commission. Counties are allowed to levy for road purposes \$1.00 on each \$100 of valuation. I understand this county can be assessed on about \$25,000,000. We are a rich county and can get the necessary aid if we go after it. Our country never has been called on for anything of this sort.

Time For Action. Our county compares favorably with other counties, but there is such a demand for roads there will not be enough men to get them all built for years, and the county that is slow will be left in the lurch and its towns live to see its natural business directed to other points.

I do not think there is an association in Morgan county that would not unite with you on some definite plan of action, and one of the things to do is to attend the good roads meeting at the court house Thursday night.

If we want good roads, if we want the trade that rightfully belongs to this city, if we want our county to grow and be among the foremost in the state, we must act now.

Value of Co-operation. L. R. Craig long a good roads booster said among other things:

"For a number of years past I have been connected with the Better Roads Movement. Co-operation is what we want and what we must have in Morgan county and in Jacksonville. It's what I have advocated and preached for the last fifteen years. Co-operation will bring us everything we go after.

The Morgan County Good Roads Association now is a little over one year old. The trouble in the past has been in getting organizations to stick in getting their members out and raised into action. The first meeting of the Morgan County Association was attended mostly by farmers living along the state road west of Jacksonville. This association never has had the assistance and support of the citizens of this city.

but recently its membership has been increasing, but it has not been able to accomplish much more than assisting highway commissioners in getting a little dragging done. Co-operation has been lacking.

We have started on a new year.

Let's make it the greatest year. You have a good organization and I believe on the right road. Through co-operation with other associations let's start in and do something. The Morgan County Good Roads Association was created to better road conditions in this county and city. If we will get together and get members from every city and hamlet in the county, if we will get a membership of 2,500 which can be done, we will put it over. With such a membership we can go before the state highway commission and secure what we want.

Opportunity Awaits. There is an opportunity for Morgan county to connect the gap between Beards town and Jacksonville, and if we had done this before we would have had good roads Beards town-Jacksonville in Jacksonville. Get back of these movements and then in making application for federal aid we can get it.

Here is another fact, we need many good roads but to secure them we must also make contractors; we must organize construction companies—we need one in this city. There are certain highway commission requirements to be met. We cannot expect the farmers to start this work and bring it to us, but they will follow an earnest intelligent lead.

We are entitled to trade from the eastern part of Brown county and from Pike county, and from other sections. Now, to get ourselves in shape to rightfully expect this we must act. We have in this city the Rotary Club, the Chamber of Commerce, the Jacksonville Automobile Dealers' Association and the Morgan County Good Roads Association, and Gentlemen, Co-operation, action and sticking to it, will bring the desired results."

The State Organization. F. P. Drury in his excellent address said:

"I am glad to note the progress that this association has made since its organization, and preface my remarks by stating that there will be a state organization formed in March. A suggestion has been made for the formation of a construction company in your city. This is being done in several towns at the present time and is necessary in order to get the work done after it is arranged for."

"I want to give you a few facts about the business back of the National Automobile Dealers association. The capital invested at the present time is nine times that of the railroads of the country. Three million people are supported by this industry. Salaries and wages run to over eight billions annually and the number of employees are over a million nine hundred thousand. It is an organization for protection and not profit. There is now a membership of five thousand and we want twenty-five thousand in 1920."

Some Legislation. "We are organized to correct evils that have grown up, to get thru bills for the prosecution of car stealing. We are interested in the Pittman bill for the federal licensing of automobiles which will mean one license and federal registration and protection. We are interested in the Townsend bill for federal highways and with each committee to work for legislation to connect up with them. We are out for a square deal, to overcome faulty management, excessive taxation, to obtain price regulation, to do away with mud roads, to get somewhere. I believe that all of your local associations should band together, organize a construction company if necessary. It seems to me from my frequent visits to your city that all you lack is co-operation. You have the money and ability, more so than have many communities that have gone ahead and secured their objects."

BOUGHED FOR 2 YEARS ORDERED TO DENVER

Doctor said she couldn't get well in Illinois, but she did.

"I had a very bad cough for 2 years, all the time, day and night, could sleep but little. I tried everything but got no relief. Finally my doctor said he could do no more for me, that I had better go to Denver as I couldn't live in Illinois. Then I tried Milk's Emulsion. From the very first, it helped me. By the time I had taken 15 bottles, my cough left me entirely. I have gained in strength and flesh and am now in perfect health."—Mrs. Alice M. Huntley, 182 So. Pearl St., Galesburg, Ill.

Build up your system and give it chance to fight off disease. Milk's Emulsion costs nothing to try and it has done the work for thousands of others. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. One and 25c. a box.

came nearer we could see, and waved frantically for joy. There were about 5 or 6 families and each one had their husband. The men came aboard the George Washington, and also the French consul, as our passports had to be visated before we could go aboard the tender. Then when we landed, U. S. "autos" were there to take us to hotels.

We had luncheon at Y. W. C. A. cafe, and they had a Christmas tree, and all Christmas decorations. Brest is a quaint old place. Everybody looked at us as I guess we looked as queer to them as they did to us. Some had on wooden shoes. The ladies' shoes have such short vamp and high heels and they wear such short skirts. The U. S. officers say, that the first noticeable thing of the women from the transport is their long skirts, as they see the short ones so much.

The U. S. autos took us to depot again, and we left at 6 p. m. No sleeper, but compartments, so it was a tiresome trip. We got here at 10 a. m. yesterday (Christmas). So we spent Christmas day in gay "Parade."

We leave here for Metz at noon, so we are going to see what we can of Paris before train time. Everything is interesting; the ship, windows and wonderful, and things are much cheaper in our money than in U. S. Have immense theatres, and the streets were so crowded yesterday, we could hardly walk.

I cannot realize that I am so far away. It all seems like a dream. I am standing the trip wonderfully and the boys, too. On George Washington was late, as a severe storm was on the Atlantic, so our husbands thought we were in the storm. We were in a strong gale but the boat is so large we didn't notice it, only one night the boat listed terribly from the strong wind on the other side. Then the pumps and the engines gave out, so they could not make the usual speed. The George Washington is to go to dry dock for ten days for repairs before it returns. It was to return the day it landed so everybody was there that was to leave on it. Will quit for today and mail this. Hope you are well. Love to all. Your sister, Alice.

FIRE DAMAGES HOME OF WALTER EALEY

Residence on South Prairie Street Badly Damaged Sunday Evening — Flamm's Threaten Cosgriff Store.

Fire which damaged the home of Walter Ealey on South Prairie street Sunday evening for a time threatened to destroy the grocery store of Cosgriff Brothers at the corner of Prairie and West College streets.

The house was badly damaged and the loss is estimated at fully \$1,500. The stock of the Cosgriff store was carried out of the building by neighbors and carefully guarded and replaced after the fire.

The fire, the origin of which is unknown, started in the rear of the Ealey residence, had gained considerable headway before being discovered.

When the alarm was turned into the department the location was given as Cosgriff's store at the corner of East State street and Hardin avenue. Considerable time was lost by the firemen making the run to that place.

However, when they reached the scene they did excellent work and soon had the blaze under control.

SPECIAL OFFER THE LAST SALE OF LADIES COATS. JUST 25 LEFT. CHOICE \$12.50. F. J. WADDELL & CO.

TWO SUITS FILED IN CIRCUIT COURT

A foreclosure suit was filed Monday in the circuit court for hearing at the next term. The suit was filed by Judge H. P. Samuel as attorney for Edwin E. Ziegler and is directed against Agnes Jensen. The bill alleges an indebtedness of \$500.

Another suit filed Monday was that of Alvia A. Kemp vs. Charles W. Kiel. The complainant is represented by H. W. Masters and seeks damages in the sum of \$15,000. Only the praecipe has been filed.

LADY DRUGGIST'S ADVICE TAKEN

"My sister-in-law is a druggist. She told me of several bad stomach and liver cases which were benefited by taking Mayr's Wonderful Remedy and advised me to take it. I had numerous bad attacks due to bloating and had almost constant pain in my stomach before getting my remedy. I am feeling fine now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Just Right BRAND CORN SYRUP

If you want to know what real goodness in table syrups is, try the deliciously-flavored JUST RIGHT brand. It simply can't be beat—for griddle cakes, waffles, hot biscuits, bread, preserving, candy making, etc. One can will convince you. At your grocer's.

THE AMOS-JAMES GROCER CO., ST. LOUIS

**Farmers!**

Big crops do not mean big profits.

Every farmer knows that production is only a part of our problem. If we raised 200 bushels of corn per acre we would still have many problems. That was demonstrated last fall when hogs went down 10 cents in 75 days. The Government asked us to raise hogs; we raised them but when it came time to sell, they did not pay for the corn fed them.

We must make our farm business efficient and produce what is necessary.

The Morgan County Farm Bureau and the Illinois Agricultural Association are Doing That.

We know too that there are a whole lot of problems outside the fences of the farm which directly affect our business. We can not solve these problems as individuals. We must organize for strength so that we can speak and act together.

Between February 1 and 28 We are Going to have a Membership Campaign.

10 farmer solicitors from the State Association are coming here and with our Farm Bureau membership committee are going to visit every farmer in the county. We expect you to join.

brings joy to every woman!

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel.

It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time.

Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

STIFFER MONEY RATES

NEW YORK, Jan. 12.—Another deficit in clearing house reserves, stiffer money rates and continued absence of public support, constituted the chief deterrent factors of today's reactionary market.

There were several neutralizing features, notably the very favorable tonnage statement of the United States corporation for December and encouraging business advices from Western and Southwestern points.

Rumors were current that negotiations were actively progressing for the consolidation or merger of several of the secondary steel and equipment companies, but these met with little credence in authoritative financial circles.

A few stocks stood out from their comparative strength, especially Royal Dutch and some of the less prominent oils and equipments. Raily also resisted pressure, but trading in that division was light at best. Sales amounted to 1,075,000 shares.

Liberty bonds and rails eased slightly but international as represented by Anglo-French 5s were steady to firm.

Total sales (par value) were \$15,500,000.

SISTERS TO WED AT DOUBLE CEREMONY

Daughters of Dr. and Mrs. J. C. Nate to be Married January 24 at Double Ceremony.

Jacksonville friends of Dr. and Mrs. Joseph C. Nate have received announcement of the engagements of their two daughters and of the double ceremony which is to be solemnized at the First M. E. church in Champaign at 3 o'clock January 24.

Mr. and Mrs. Nate's elder daughter, Miss Mildred Nate, will become the bride of Ronald Van Atta Rike and Miss Elizabeth Nate will be united in marriage to George William Liljestrom. The ceremony will be followed by a reception. There are many people in this community who will hear of the approaching marriage with special interest, as the Nate family is well known here. Dr. Nate was pastor of Grace M. E. church for a number of years and he and his family are pleasantly remembered by a great many local people.

AN IMPORTANT SUBJECT WELL TREATED

Dr. Hugh T. Morrison Tells Some Very Plain Truths in a Very Plain Manner.

Sunday evening another large and well pleased audience gathered at the Congregational church to hear Dr. Hugh T. Morrison of the Illinois Department of Public Welfare discuss a subject of importance to the rising generation. Every parent of young and growing children hear such words of wisdom and profit by them. The subject was one which is too often handled in a delicate manner, from false delicacy, and too often the young person becomes acquainted with important truths from a wrong and evil source. The statistics of the diseases mentioned are fearful and indicate an alarming condition of society and their treatment is a matter of vital concern to all.

The parents should have the full confidence of the children and guard them from evil. Good influences should be placed around them and all care taken to see that they grow up pure and upright. When proper teachers should carry forward the education. Public opinion should have a large part; policemen should be free from corruption and winking at vice-advertising doctors should be avoided always. Moving pictures of the right kind may be shown to advantage to the young people old enough to be trusted to see them. There should be community clinics and everything done to prevent and eradicate the so-called social diseases.

CITY COUNCIL TAKES UP ANNUAL BUDGET

Appropriation Ordinance Given First Reading—Council Will Meet in Adjourned Session Friday Night to Further Consider Various Items—Minor Matters Discussed.

At its regular session held Monday evening the city council heard the first reading of the annual appropriation ordinance. There was considerable discussion of the various provisions and suggestions for others not covered in the ordinance. When adjournment was taken it was to meet Friday evening at 7:30 o'clock to further consider the ordinance.

Mayor Crabtree was unable to attend the session because of illness and Ald. Chapin was selected mayor pro tem.

The roll call showed all present except Ald. Ebnie and Graft and Mayor Crabtree. The minutes of the last regular meeting were read and approved.

Tells Need of New Main.
A communication was read from W. H. Cobb water superintendent relative to the need of new mains in the various wards for the purpose of furnishing better fire protection. The communication was referred to the water committee with power to act.

Claims against the city were presented and on motion of Ald. McGinnis, all those properly approved were ordered paid when funds are available.

Ald. McGinnis called attention to the signal bell at Johnson street being out of order. It also was reported that a Burlington train crew had blocked the East State street crossing for one hour and twenty minutes Monday because of a broken draw bar. These matters were referred to Ald. Williamson.

Discusses Sewer Conditions.
Ald. Flynn again called attention to the bad condition of the Brook sewer. He said that he believed that the sickness prevalent throughout the city was largely caused by its condition. The alderman also was of the opinion that the men who did the work on the sewer at the Alton right of way were entitled to more money. He said that it seemed to him that the Jacksonville Railway and Light company should pay the expenses of taking care of the sewer as it was the far from its plant that had caused the trouble.

This matter was finally referred to the sewer committee with power to act.
Ald. Moore suggested that he could not find an ordinance providing a penalty for opening fire hydrants by other than proper officials. The matter was deferred to see if there was not an ordinance covering the matter.

Want to Build Oil Station.
H. K. Snyder addressed the council relative to the establishing of a distributing station of the Sinclair Refining company in this city. Mr. Snyder said that representatives of the company had investigated the ground in the rear of his ice plant and found it suitable for their purpose. They wished to know if there was any ordinance prohibiting the building of the station.

Mr. Snyder said that the company proposed to erect a brick and concrete building for storage of barrels of their products and probably would also place tanks. Action was deferred until the next meeting and in the interim the matter will be investigated by the proper authorities to ascertain if there is any ordinance prohibiting the erection of such plants inside the city limits.

Appropriation Ordinance.
Under the head of new business the annual appropriation ordinance was given its first reading. There was considerable discussion of the ordinance. The aldermen were of the opinion that there should be a number of changes in some of the appropriations and several additions. The ordinance was laid over.

Ald. McGinnis reported that many complaints had been made to him about the poor street car service on North Main street line. He said it was reported that the cars sometimes laid over at the north end terminal for forty-five minutes. The matter was referred to the public improvement committee with power to act.

Ald. Williams second by Ald. Moore then moved the council adjourn until Friday evening at 7:30 o'clock. On roll call the motion carried.

OWNS LARGE ORCHARD IN WASHINGTON

Cyrus Sanderson, a Visitor in City, Tells of Great Enterprise in Which He is Engaged—W. N. Sanderson Also a Visitor.

Mrs. George Tremblett is enjoying a visit from her brother, Cyrus Sanderson of Yakima, Washington, and William N. Sanderson of Joplin, Mo., though the stay of the travelers is painfully short, as they expected to leave today though only arriving yesterday.

Cyrus was at one time a clerk in a shoe store in this city and went thence to Lincoln, Nebraska but wasn't near enough the setting sun so he and his brother went on till they nearly came to the great Pacific, settling in Yakima where they bought thirty acres of land, 25 of which was well started in orchard, having Jonathan, Delicious, Stamen, Winesaps and Spitzenbergs. A few years ago they set out five acres in pears which bore for the first time in 1919. They comprise the Corine, Bartlett, Winter and Nellis varieties.

During the year just ended they shipped 15,000 boxes of apples and 1500 boxes of pears, receiving at the orchard from \$2.00 to \$3.75 a box and for the pears they received from \$2.25 to \$3.50 a box. They employ two men the year round and many more during picking season. The trees receive constant care and attention. They have the orchard divided into three parts. They sow alfalfa and once in three years a crop is turned under for fertilizer. Trimming and spraying are all important features of cultivation and constant care is exercised. Mr. Sanderson says he thinks an apple tree will live and bear well nigh 200 years if properly cared for. They cultivate wholly by irrigation which insures them water on the land when they want it.

Mr. Sanderson is well pleased with his far western home which he has found healthful and affording a prosperous business.

William N. Sanderson is located, as stated, in Joplin, Mo., and is engaged in the wholesale trade in fresh fish and oysters with a territory extending 300 to 400 miles in all directions. His brother is also interested in a similar house in Kansas City.

Both gentlemen remember the dear old home with pleasure and gratitude and recall with delight the friends of former years, a few of whom they met while in the city. It is a genuine pleasure to record the fine success of such worthy gentlemen who have gone forth from their native city and state to do honor to their friends and the place in which they were reared.

GREAT MINISTER COMES TO THE CITY

The revival being conducted at the Mt. Emory Baptist church is being largely attended and meeting with great success. The Rev. Dr. Hayden who is conducting the meeting has proven beyond a reasonable doubt to his hearers that he is a man of God and a powerful Gospel preacher. At the morning services of Sunday he preached a most excellent sermon using as his subject: "The Power of Faith." At the close of the sermon three strong and influential persons came forward and connected themselves with the church. In the evening services the Doctor preached from the subject, "Decision." The sermon was a masterpiece of thought delivered with power and spirit. The subject of the minister for tonight is, "The Great Question." Come and hear this divine, he will do you good.

Rev. L. K. Williams, D. D., the pastor of the great Olivet Baptist church of Chicago, the largest Christian church in the world, will speak two or three nights in our meeting. So many thousands of people all over the world are clamoring to hear this great man and Jacksonville will be one of the places to hear this great busy preacher soon.

The blessings that this city is enjoying by having the world's greatest negro preachers to visit her, should not be ignored. There are places that would give thousands of dollars to enjoy the treat that this city is getting almost without cost.

The public is invited to all of our services, and we hope that you will accept this our invitation.
